DETAILED ACTION

Election/Restrictions

In response to the restriction requirement, the applicant elected claims 11, 20, and 21 for further examination. As a result, claims 1-10, 12-19, and 22-25 are withdrawn from consideration.

Claim Objections

Claims 20-21 are objected to because of the following informalities: Claim 20 recites the limitation "the computer" with insufficient antecedent basis. Appropriate correction is required.

Claim Rejections - 35 USC § 101

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claim 20 is rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. Because the claim recites an inkjet print program per se, the claimed program is non-statutory subject matter. A telephone interview with Robert Downs (on 05/18/2007) to suggest an amendment to clarify this issue has been made, but the issue could not be resolved.

Allowable Subject Matter

Claim 11 is allowed and the reason for allowance was indicated in the previous office action.

Claims 20-21, depending on claim 11, would be allowable if rewritten or amended to overcome the objection and the rejection(s) under 35 U.S.C. 101, set forth in this Office action.

Conclusion

Art Unit: 2853

Applicant's amendment (claims 20-21 are newly added) necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
